Scope of the *Order*

The merchandise covered by the *Order* is stainless steel flanges from India. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy, *i.e.*, a financial contribution that gives rise to a benefit to the recipient, and the subsidy is specific.³ For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Companies Not Selected for Individual Review

The Act and Commerce's regulations do not directly address the subsidy rate to be applied to companies not selected for individual examination where Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation. Section 777A(e)(2) of the Act provides that "the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}." Section 705(c)(5)(A) of the Act states that for companies not investigated, in general, we will determine an all-others rate by weight-

³ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

averaging the countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based solely on the facts available.

Accordingly, to determine the rate for companies not selected for individual examination, Commerce's practice is to weight average the net subsidy rates for the selected mandatory respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.⁴ We preliminarily determine that Chandan Steel Limited (Chandan) and Goodluck India Limited (Goodluck) received countervailing subsidies that are above *de minimis* and are not based entirely on facts available. Therefore, we preliminarily determine to apply the weighted-average of the net subsidy rates calculated for Chandan and Goodluck using publicly ranged sales data submitted by those respondents to the non-selected companies.⁵ For a list of the 39 companies for which a review was requested, and which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent, *see* Appendix II to this notice.

Preliminary Results of Review

For the period January 1, 2020, through December 31, 2020, we preliminarily find that the following net subsidy rates exist:

Company	Subsidy Rate (percent <i>ad valorem</i>)
Chandan Steel Limited	4.31
Goodluck India Limited ⁶	3.34
Non-Selected Companies Under Review ⁷	4.14

Assessment Rate

Consistent with section 751(a)(2)(C) of the Act, upon issuance of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries in accordance with the final results of this review.

⁴ See, e.g., *Certain Pasta from Italy: Final Results of the 13th (2008) Countervailing Duty Administrative Review*, 75 FR 37386, 37387 (June 29, 2010).

⁵ See Memorandum, "Calculation of Subsidy Rate for Non-Selected Companies Under Review," dated concurrently with this *Federal Register* notice.

⁶ Entries for Goodluck India Limited may have been made under the company name Good Luck Engineering Co. or Goodluck Engineering Co. See Preliminary Decision Memorandum.

⁷ See Appendix II for a list of companies not selected for individual examination.

If the assessment rate calculated in the final results is zero or *de minimis*, we will instruct CBP to liquidate all appropriate entries without regard to countervailing duties. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Pursuant to section 751(a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts indicated above, except, where the rate calculated in the final results is *de minimis*, no cash deposit will be required on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit instructions, when imposed, shall remain in effect until further notice.
